

## STAARS Implementation “Tracks” ... What Are They; How Do They Affect Me?

### When You Talk About “Tracks,” What Do You Mean?

The STAARS implementation is a large project. We have divided it into four tracks to manage the workload, and the effect on agencies and users.

### What Track Is My Agency In?

**Track 1** is the implementation of **STAARS Financials for 20 large agencies** ([click here](#) for list).

**Track 2** is the implementation of **STAARS Budgeting across all agencies**.

**Track 3** is the implementation of **STAARS Financials for all other agencies not in Track 1**.

**Track 4** is the implementation of **STAARS Personnel across all agencies**.

*Notes:*

- *If you don't see your agency in the [Track 1 list](#), your agency is in Track 3.*
- *Every agency will be affected by Track 2 and Track 4.*
